

# Press Release

## **NetGuardians provides operational risk mitigation solution to Banco Santander (Suisse)**

Yverdon-les-Bains, 10<sup>th</sup> of February 2015 — Banco Santander (Suisse) SA has selected **NG|Screener**, the innovative software solution from NetGuardians, to help them proactively meet requirements in a strict international regulatory environment.

The move comes particularly in light of recent revisions to FINMA directives (2008/21) affecting the bank's Swiss-based operations. These revisions integrate qualitative regulatory requirements in line with international standards.

**NG|Screener** uses smart behavioural analysis to monitor and analyze all user activities in real time, offering continuous control of all operational risks from business operations to IT. Alerts allow rapid intervention and automated reports facilitate reporting and auditing. Santander will integrate **NG|Screener** into their Temenos core banking platform. The **NG|Screener** for Temenos solution has already proven results with many banks worldwide.

*"**NG|Screener** for Temenos is designed specifically for the realities of today's international regulatory standards. By integrating **NG|Screener** into their infrastructure, Banco Santander (Suisse) SA will gain a sophisticated, sustainable solution to meet their risk management goals. We are very pleased that Banco Santander (Suisse) SA has selected **NG|Screener** for their needs."*

Banco Santander (Suisse) SA is a Swiss financial institution based in Geneva since 1988. This Bank offers a wide range of wealth management services for both private and institutional clients. The Bank is part of the Santander Group based in Spain.

### **NOTES TO EDITORS**

#### **About NetGuardians SA**

Swiss-based NetGuardians is a leading software company recognized for its revolutionary solutions to control all your operational risks from business operations to IT. Founded in 2007, NetGuardians was the first company to emerge from the innovation incubator of the HEIG-VD Business School and Engineering Vaud, in Yverdon-les-Bains, Switzerland. Since then, the company has seen a steadily growing clientele in Europe, the Middle East and Africa. More information can be found here: <http://www.netguardians.ch/>
